## America Recycles Day November 15, 2016

America Recycles Day, a program of Keep America Beautiful, is a nationally recognized day dedicated to promoting and celebrating recycling in the United States.

Did you know...Michigan's recycling rate is estimated to be 15%, far behind the national average of 34%.

This America Recycles Day, join us in recycling more (and recycling right).

For America Recycles Day 2016, I pledge to:

- **Learn.** I will find out what materials are collected for recycling in my community.
- **Act.** Reduce my personal waste by recycling. Within the next month, I will recycle more (and recycle right).
- **Share.** In the next month, I will encourage one family member or friend to take the [pledge](#).
