### ***About the Grand Traverse County Commission on Aging***

The Grand Traverse County Commission On Aging was first established in 1975 by the Grand Traverse County Board of Commissioners to provide services to its senior citizen population, allowing them to live safely at home for as long as possible. Its activities are governed by an 11 member volunteer board appointed by the Grand Traverse County Board of Commissioners.

Its range of services includes respite care, home health care, foot care, house cleaning, yard maintenance and snow removal, heating assistance, senior center services, information and referrals, personal emergency response units, and a loan closet.

In 2014, the Commission on Aging provided services for over 1,700 Senior Citizens. It is funded by the taxpayers of Grand Traverse County through two small local millages (0.6 mills total), last approved in 2010.

The public is invited to attend all board and committee meetings of the Grand Traverse County Commission on Aging.
