FOR IMMEDIATE RELEASE

Traverse City.

The following is an update on GTCRC 2014 projects. All work is subject to weather conditions and contractor scheduling. Motorists should allow extra time to reach their destinations and expect traffic delays.

Hoch Road, Keystone to Rusch Rd. Hoch Road detour will remain in place through and including Tuesday, August 5, 2014.

Traffic impact: This road is closed to thru traffic.

Supply Road, Brown Bridge Road to High Lake Road. Tree removal and ditch work is scheduled for the next two weeks, tentatively through August 22, 2014.

Traffic impact: Motorists will experience variable lengths of lane closures as moving work operations travel through this section of road.

West Silver Lake Road, US-31 to Zimmerman Road. Chip seal operations will resume on Monday, August 11, 2014 and continue through the week.

Traffic impact: Motorists should travel slowly through the work area to minimize stone and dust releases. Delays should be expected as seal coat operations move through this section of road.

Zimmerman Road, North Long Lake Road to Silver Lake Road. This project has been delayed to allow Garfield Township's water main project to begin. Road work is not expected to begin until after the start of school.
